

10/9/90

Mr. C.W. Haynes,  
12 Boults Lane,  
Marston,  
Oxford OX3 ONT

Dear Mr. Haynes,

I refer to your recent application for permission to place a pedestrian gate opening from your frontage onto the footpath between Boults Lane and the pumping station in Jessups Close. The Parish Council are willing to permit the gate to be constructed to a professional standard. It must be incapable of opening outwards. The permission will be by way of annual licence, terminable at 3 months notice, on either side, and to an annual acknowledgement of 50p.

Perhaps it would be appropriate to point out that cyclists often ride on the footpath and those using the gate should do so with the utmost care.

Yours sincerely,

Clerk
