## Integrated Transport Policy

The Government invited comments on the achievement of this policy. It was decided to make a representation referring to the lack of a requirement that the City and County Plans should be in conformity which had resulted in large scale commuting by car.

Work to improve the condition of the smaller plot had been completed and it would now be possible to use a large part of it for future allotments. Quotations for various works required to the allotment site and recreation ground had been obtained and it was decided that the following work should be undertaken.

The Clerk had arranged for some Elms to be removed on a "Labour for wood" basis

An offer was received from the allotment association for the vacant land on the main allotment site to be ploughed free of charge. The Association was requested to put the offer in writing.

#### Recreation Ground

The Clerk suggested that to the proposed agreement he had prepared, and agreed with the Club, should be added that the maintenance of the area surrounding the pavilion should be the club's responsibility and that the Council permitted the club to hold a drinks licence with the opening hours agreed in writing by the Council.

The Vice-chairman, Mr Haynes and Mr Phipps offered to continue negotiations with the Club relating to the use of the pitch, hours of bar opening and the condition of the pavilion.

The Clerk was asked to write to the club indicating that consent could not be granted for a competition lasting three days over the May Bank Holiday. One day would be acceptable. He was also asked to request that match noise, particularly instructions from the touch-line, was causing concern to nearby residents. A copy of any Fire Officer's certificate was also to be requested. Until an amendment is agreed the Club would be requested to open the bar only in accordance with the existing arrangement i.e. two hours following Wednesday evening training and Saturday afternoon matches.

Mrs Deam and Mrs Tiwari requested that their opposition to any extension of the Club's activities should be recorded.

Permission was granted to the Scouts to hold a Bonfire and Fireworks display on 7<sup>th</sup> November 1997

#### Highways

The City Council had agreed to replace the overgrown tree outside 8, Cavendish Drive in the 1998/9 season.

The Clerk would contact Mr Iddon, the mural artist, to ask whether any progress had been made following the inspection of the sub-way.
